PropeyeHome CURRENT SEO PERFORMANCE

Improvement suggestions:

- Currently your website has **0 organic Searches** in a month.
- website Authority Score is **2**
- Backlinks are **2**

By implementing Furniturefy's comprehensive SEO strategy, we can significantly enhance your website's organic traffic, driving more sales and revenue. A key aspect of this approach involves securing high-quality backlinks from authoritative and relevant websites, which will substantially improve your website's Domain Authority (DA). Currently, your website has 2 links, but organic searches and DA is comparatively very low. However, through targeted content creation and on-page SEO optimization, we can effectively rank more keywords, boosting your online visibility and credibility.

By leveraging Furniturefy's expertise, you can transform your website's online presence and drive business growth.

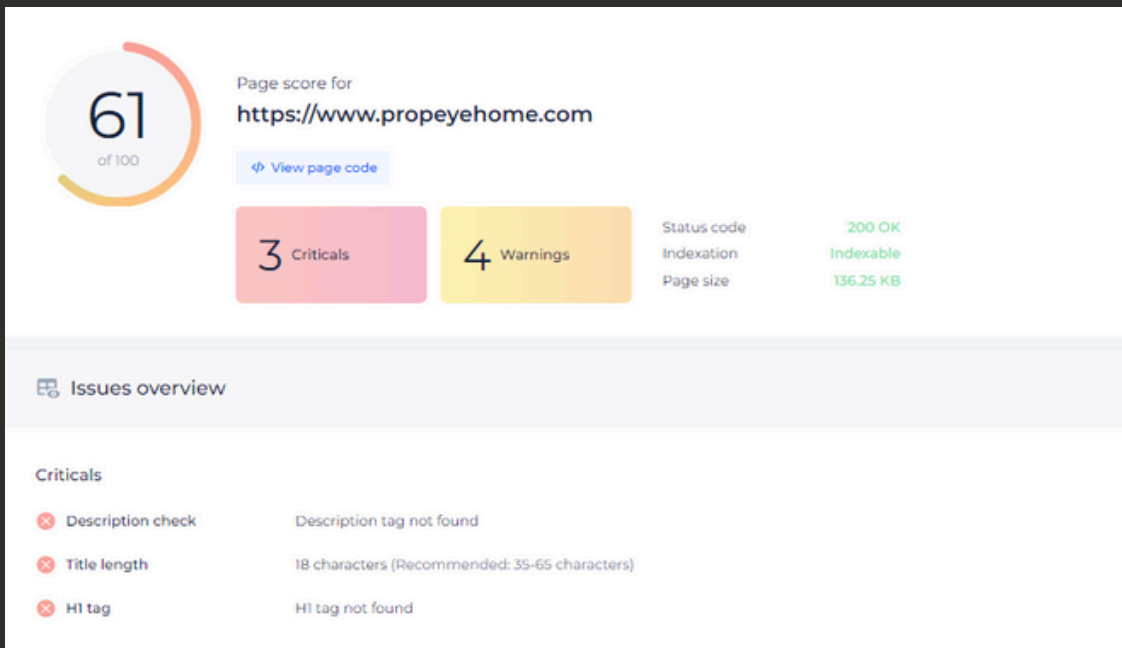

Key Benefits:

This strategic approach will:

- Increase organic traffic and sales
- Secure high-authority backlinks to enhance DA
- Improve keyword rankings through content creation and on-page SEO optimization

PropeyeHome ON PAGE SEO ANALYSIS

Improvement Suggestions:

As we can see in above graph, website has A lot of on Page SEO errors :

- H1 tittle, tag issues
- Tittle length issues
- Metadescription issue

To improve website performance, we shall do proper keyword research and solve above problems.

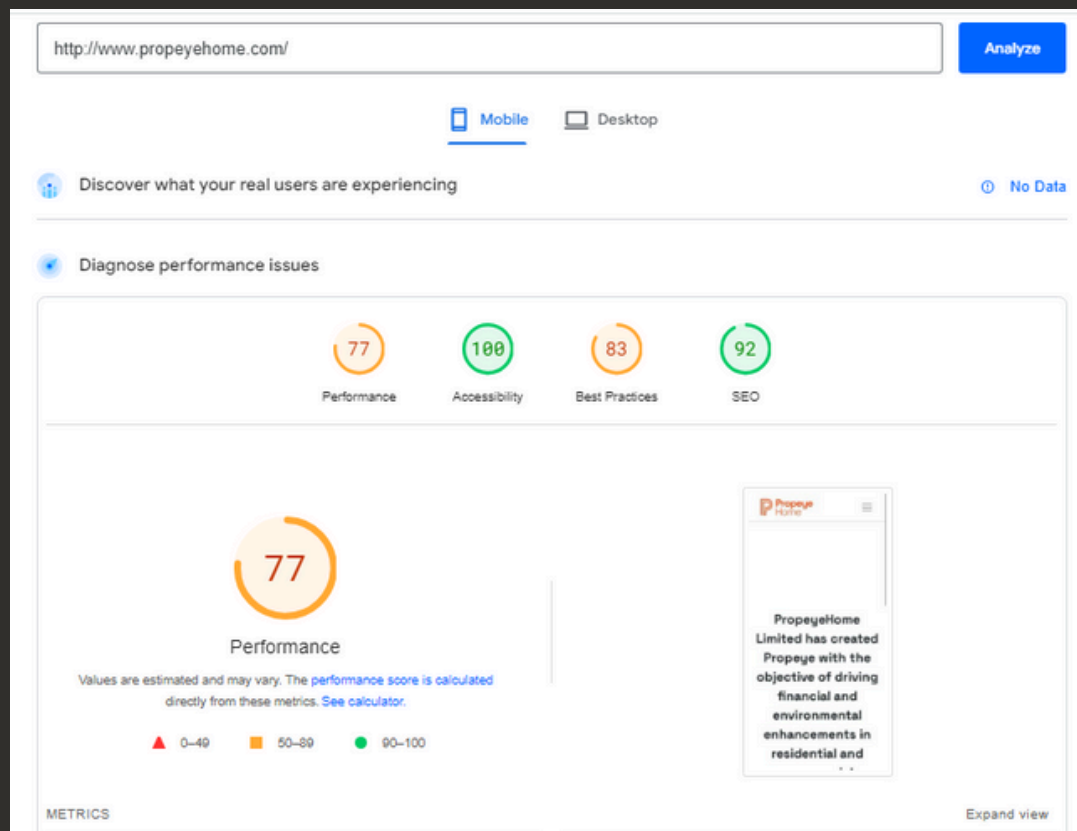

Key Benefits:

After resolving the above mentioned issues, we will have the following benefits:

- On page SEO score will be improved
- Enhanced CTR
- Better User Experience
- higher search engine rankings

PropeyeHome Website Speed

Improvement Suggestions:

As we can see website has a page speed score of 77 which is considered not so good by the search engines. Page speed score should be 90 or slightly less for a good website according to search engine algorithms. We will maintain page speed score as well as user experience of the website and definitely search engine rankings.

Key Benefits:

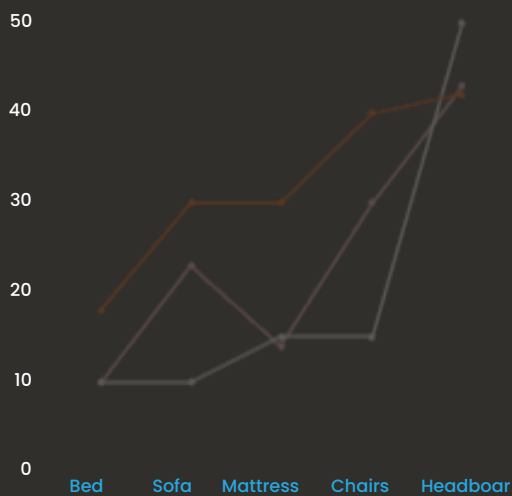

After maintaining the above mentioned highlights with the renewal of content we will have the following results:

- Enhanced User Experience
- Improved Search Engine Rankings
- Reduced Bounce Rates
- Increased Conversion Rates
- Mobile Optimization
- Cost Savings
